

ACCREDITATIONS

“Ronacrete works closely with trade associations to promote high standards at all levels of the legislative and regulatory process. We aim to work towards the improvement of training and education, promotion of high standards and quality of service”

AWARD WINNING

RIBA CPD SEMINARS

Ronacrete offers a number of RIBA approved CPD seminars as part of its commitment to training. CPD seminars are held at your office at a time to suit you. Our seminars discuss the importance of specifying the most appropriate material for the application and installation techniques and procedures required for successful realisation of design. Our RIBA approved CPD seminars are also available to view online through the Ronacrete CPD Academy which can be found on our website. importance of specifying the most appropriate material for the application and installation techniques and procedures required for successful realisation of design. Our RIBA approved CPD seminars are also available to view online through the Ronacrete CPD Academy which can be found.
