Prismo CR Premium Line Paint

Intended uses
As a quick drying line marking paint for use on bare concrete, asphalt or painted floors. May also be used on aged blacktop, thermoplastic coverings, and most types of painted lines and floor paints. Suitable for roads, car parks and factory lines.

Product description
A single pack chlorinated rubber resin, pigmented with organic and inorganic and selected extenders.

Note: Drying/curing times will be shortened by higher temperatures and lengthened by lower temperatures

Storage and handling

Storage
Store the closed containers in a store room which is either in a safe place or is a fire resisting structure. The storage and conditions must meet the statutory requirements of The Highly Flammable Liquids and Petroleum Gases Regulations 1972.

Pack Size
5 & 20 litres

Flash point
4 °C. Highly Flammable

Shelf life
2 years unopened.
Surface preparation
Surfaces must be clean, dry and free from oil and grease contamination, loose dust or laitance. Acid etch concrete if in doubt to remove heavy laitance, or preferably shotblast using Blasttrack equipment. New blacktop may require a sealer coat. Refer to Tor Coatings Technical Department.

Limitations
1. Must be stored in accordance with the statutory requirements of The Highly Flammable Liquids and Petroleum Gases Regulations 1972.

Safety precautions
A copy of the appropriate Health & Safety Data Sheet should be consulted prior to using the product. This can be faxed if urgently required.
Minimum precautions for all paints:
1. Avoid skin and eye contact i.e. wear gloves, goggles, etc
2. Ensure good ventilation, mechanical if necessary.
3. Store and use away from heat and flame.
4. Do not eat or smoke in the vicinity of work.
5. Wash hands before eating.
6. Refer to supply container for additional warning labels.

Definitions
Tolerances
All information quoted in this data sheet is subject to normal manufacturing tolerances.

Practical coverage
Practical coverage can vary considerably depending on method of application, surface roughness, weather conditions and complexity of the structure.

Pot Life
Applies only to two component products and refers to the time the mixture remains usable.

Disclaimer
